Permit Number: AZMSG 2010-002 Authorization Number: AZMSG-92256

MULTI-SECTOR GENERAL PERMIT AUTHORIZATION - REVISED NOI

Dear Applicant:

Your revised Notice of Intent (NOI) has been processed by Arizona Department of Environmental Quality (ADEQ). The referenced facility is authorized to discharge stormwater associated with industrial activities under the terms and conditions of ADEQ's **AZPDES STORMWATER MULTI-SECTOR GENERAL PERMIT(s)**, **MSGP**.

Please be aware this document is not your permit but is your authorization to discharge within the requirements of the MSGP(s). Preparing and implementing a Stormwater Pollution Prevention Plan (SWPPP) tailored to your specific site is one of these requirements. You must be able to demonstrate compliance with all terms and conditions of the SWPPP as well as the MSGP(s) to avoid possible penalties.

Please keep this document for your records and use this authorization number for any correspondance. Reference this authorization number on the Notice of Termination (NOT) if the facility no longer meets eligibility requirements and must terminate MSGP coverage.

If you have any questions regarding this letter and attachment(s), please contact Joanie Rhyner at (602) 771-7614. If you have other general inquiries concerning the stormwater program, please contact Christopher Henninger at (602) 771-4508.

Stormwater Discharges Associated with Industrial Activity Under the AZPDES Multi Sector General Permit
